

## Looking and Reviewing Apps

Having explored many Apps that have come with the iPad. Now is your chance to look at a number of other iPad Apps and make some assessment about their use.

In the App Store download and look at

### **Dragon Dictation**

Dragon Dictation is an easy-to-use voice recognition application powered by Dragon® NaturallySpeaking® that allows you to easily speak and instantly see your text or email messages. Try it out and then discuss with those at your table if you can see any benefits in using this app.

If you don't have the app already on your iPad download the **ABC App** (Australian Broadcasting Corporation). Take some time to explore the App and then decide if it is any value to you.

### **Elevate- Brain Training**

Elevate is a brain training program designed to improve focus, speaking abilities, processing speed, memory, math skills, and more. Each person is provided with a personalized training program that adjusts over time to maximize results.

The more you train with Elevate, the more you'll improve critical cognitive skills that are proven to boost productivity, earning power, and self-confidence. Users who train at least 3 times per week have reported dramatic gains and increased confidence.

Can you see a purpose for this app?

### **Youmiam**

Youmiam was selected best new app by Apple in more than 18 countries. BEST OF 2014 on the App Store.

Youmiam redefines and simplifies how you share recipes across the web. Youmiam offers an innovative recipe format that is very easy to post, understand and share.

Free yourself from boring bullet-point recipes, and enjoy a new cooking experience thanks to visual step-by-step instructions. What do you think?

### **Airbnb**

Is the service that allows you to rent other peoples flats when you travel on holiday. For years it's had an iPhone app, but no iPad app. The Airbnb iPad app allows you to browse all the dwellings on Airbnb, book rooms, and even list your own. Just in time for your summer hols.

Would you use this app?
